

NATIONAL PREVENTION WEEK EVENT PLANNING CHECKLIST

One of the first steps in planning a successful National Prevention Week event is to develop a detailed timeline and checklist of tasks.

This checklist will help you stay on track and ensure that nothing falls through the cracks. Use the following schedule of activities to plan your event.

Not every step in this checklist may be necessary for your event, so customize it to fit your organization's needs. You may also find that the checklist can be shortened depending on your event's size and purpose or when you begin planning your event.

Tell us about your prevention event! Submit details about your event for a chance to be featured in future National Prevention Week promotional materials.
